Good morning Andrew! I think you'll remember me. I'm that man that had the large tumor on my cheek.

Before

After

I had several treatments with the Cellsonic. It certainly helped and had a large excision and so far no growth in a 1 1/2 years.

I gave a friend that has Colon cancer by the secum or ileocecal valve. He also has a pacemaker. Where can we treat him on his body and not hurt the pacemaker? They shut off the defibrillator on the pacemaker.

Secondly, I would like to know if I can be a distributor, etc.

Thank you for the Cellsonic and the love shown. I look forward to your reply.

Blessings,

Ron Sigler
